Work experience

• 2018 – 2022 • DURHAM, NC

Clinical Social Worker Duke Integrated Pediatric Mental Health

- Led behavioral health integration efforts across multiple primary care practices by developing workflows, facilitating quality improvement projects and standardizing practice.
- Developed educational tools to advance healthcare work force development related to behavioral health integration.
- Provided diagnostic and crisis assessment, evidence-based treatment and referral coordination to children and families in psychiatry and primary care.
- As an onsite behavioral health consultant, ensured concise and consistent communication between psychiatric collaborative care team members, patients and community-based systems.
- Provided supervision to LCSW-A's and MSW interns.

• 2015 – 2018 • BOSTON, MA

Clinical Social Worker Boston Children's Hospital - Primary Care

- Completed clinical evaluation, intervention, planning and case management for children with complex psychosocial risk.
- Served as a behavioral health consultant and co-located therapist within a fast-paced, high volume urban health center and accountable care organization.
- Functioned as hospital liaison to various community providers, government agencies and school systems to improve coordination and develop working partnerships.

Work experience

• 2013 – 2014 • BOSTON, MA

MSW intern Boston Children's Hospital - Psychiatry

- Provided individual assessment, treatment planning and group psychotherapy services to a socio-culturally diverse child population.
- Completed crisis evaluations with Emergency Psychiatric team.

• 2012 – 2013

Writer/Editor Carrboro Consulting

- Assisted in writing, editing and creating a comprehensive guide outlining the Breakthrough Series Learning Collaborative Model, focused on organizational change.
